## *Exchange Students - outbound ....*

(Unfortunately the Club has not a list of exchange students which it has sponsored for hosting overseas. Our Club frequently nominated a student for consideration, but that student was not always offered an exchange by the District Committee. Therefore we did not have an outbound student each year. *The following list is largely guesswork, and is certainly both incomplete and inaccurate.* It is included in the hope that we can be advised of any errors and any omissions so the correct details can be recorded. Correct details would be appreciated.)
