Exchange Student:

Inbound: Harold Andrew (Skip) NELSON

The Club had entered its tenth year, and had several projects established which it continued to oversee. Rotary Park and Camp Warrawee received attention, as well as the Club's affiliations with schools of the area.

Our first Exchange Student was Harold Andrew NELSON (Skip) from Pennsylvania, U.S.A. Skip was a great ambassador for his country and was very popular with all members of the club. Today, Skip is married to Kate. He has two sons, Christopher and Peter. Skip is a Veterinary Surgeon who lives in Scranton which is a couple of hours of travelling from his former home. He owns and runs a Blue Cross Animal Hospital at Clark's Summit.

Skip Nelson - Our first inbound exchange student in 1969-70. (Loved ice-cream)
