Under President Jim's guidance the Interact Club at Pine Rivers S.H S. continued to grow.

A new concept in membership growth was tried with the first Businessman's Dinner with Clem Renouf as the Guest Speaker. It was a great success.

In Community Service, the club approached the task from the angle of "helping others to help themselves". From this perspective, the club became involved in money raising functions arranged by others e.g. school fetes.

The first of the sales of Pluto Pups, as they have become known to us now, is noted. Members worked at Pine Rivers United Soccer Club, Lawnton School Fete, Strathpine Kindergarten Fete, and the Rowing Club Regatta. Working in a small tent, the first of the Pluto Pups were made by hand and cooked in a couple of small electric frypans and sold to the public. These were the simple origins of the club's present Hot Food Van.

As a fund-raising venture, Lucky Numbers were sold at the Pine Rivers A. H & I. Show and other places in our area
