Club President: Homan O'HARA

Homan O'Hara took over the presidency of the club early in 1960 when Bob Nixon-Smith found he could not continue in Rotary due to pressure of work.

At Christmas 1960, President Homan had the club secretary send greeting cards to every club in District 260.

Members had settled into a happy club with great fellowship. They wanted to foster Rotary and enthusiastically visited new clubs.

A donation of two guineas £2. 4. 0 was always presented and appreciated by the new club.

A Gestetner was purchased £10. 13. 6 for preparing the club Bulletin.

The first big barbecue for the Club was held on 15th April 1960 at Homan O'Hara's place. The public were invited and it was a great success.

Community Service activities predominated with further development of Rotary Park around which a fence was erected and plans drawn for a shelter shed.
